

## Ryan Welcomes You

A satellite of the William F. Ryan Community Health Center, we are named after Dr. Thelma C. Davidson Adair, a lifelong advocate in the Harlem community.

For over six decades, Dr. Adair worked to bring educational opportunities, quality day care services, and affordable dental and medical care to the community.

William F. Ryan Community Health Center

For over 43 years, the Ryan Network has provided culturally and linguistically appropriate, affordable medical, dental, mental health and specialty services to the community.

Our namesake, the late Congressman William F. Ryan, once said that *“health care is a right, not a privilege”* and we carry this belief with us in all that we do.

Our mission is to ensure access to high quality comprehensive healthcare services for all, regardless of income.
