

This site, a satellite of the William F. Ryan Community Health Center, is named after Dr. Thelma C. Davidson Adair, a lifelong advocate in the Harlem community who, for over six decades, has worked to bring educational opportunities, quality day care services, and affordable dental and medical care to the community.

For more than 40 years, the Ryan Network has provided culturally and linguistically appropriate, affordable medical, dental, mental health and specialty services to our community. Our namesake, the late Congressman William F. Ryan, once said that

*“health care is a right,
not a privilege”*

and we carry this belief with us in all that we do. Our mission is to ensure access to high quality comprehensive healthcare services for all, regardless of income.
